

Some unique continuation results for nonlinear problems

Gabrielle Nornberg

Universidad de Chile

In this talk we discuss some unique continuation results which appear in the context of nonexistence of solutions for nonlinear elliptic problems. G. Nornberg is supported by Centro de Modelamiento Matemático FB210005, BASAL funds for centers of excellence from ANID-Chile, CMM-DIM, CNRS IRL 2807.

In Special Session 48 on Free Boundary Problems and Nonlinear PDEs at the Mathematical Congress of the Americas 2025.
